Dear Gerry,

Re : Your Non-Existence Formula

Thank you for your Non-existence formula, and welcome to post. It sounds like it will be a fascinating and rewarding one.

GO Archives I/C doesn't have all possible original manuscripts, but he does have considerable original Scientology and Dianetics materials. A liaison there would likely be helpful to you.

I'm glad to hear that the project is getting under way. As regards my part in the book, you will have to maintain a line with Nikki so that data may be obtained and checked by me. It would be impossible for me at this time to sit down and do a biographical write-up due to the heavy traffic on my lines. You will have to make your specific requests for data as you need it and I will fit providing such into my

schedule.

As regards an interview with Garrison, I don't think I can give a yes or no answer right now. When such comes up, proper arrangements will have to be made. He has not interviewed me to date.

It sounds as though you are setting this up well and all I ask is that the line be smooth for checking of data and that there be no Hill 10's or last minute emergencies in data gathering. Also that neither Ron nor I are forced into any interviews without our express permission.

I know the final product will be a good one.

Much love,

Mary Sue.
